AGILE no limit a 360°

Lineare, minimalista, design rigoroso, intelligente anche nelle dimensioni, dal lavamani più piccolo al lavabo più grande, anche doppia vasca, AGILE, sospeso e da appoggio, forma lo spazio secondo le più disparate esigenze della praticità quotidiana.

L'eleganza, le giuste proporzioni, la tecnologia di lavorazione, l'aspetto tattile, l'ampia gamma cromatica - peculiarità disponibili grazie all'artigianalità spinta di Simas, insita nel suo DNA 100% italiano dal 1955 - contribuiscono a determinare le differenti soluzioni per arredare tutti gli ambienti bagno. AGILE, no limit per una polifunzionalità allargata.

AGILE no limits at 360°

Linear, minimalist, stringent design, intelligent, even in the dimensions, from the smallest to the largest washbasin, Agile wall-hung and sit-on basins, define the space to meet the most widely varying needs of day-to-day practicality. Elegance, correct proportions, manufacturing technology, the tactile aspect, and the wide range of colors go together to provide various solutions for furnishing all bathrooms. All of these specific features are available thanks to Simas's cutting-edge craftsmanship which are part of its 100% Italian DNA since 1955. Agile, no limits for wider-reaching multi-functionality.
